The name of the band **U-Pia** means “You And Personal Impact Amplifiers”, and represents the band's desire to amplify the **sense of unity** between members and their fans. With a style of music mixing **J-Pop and K-Pop**, U-Pia transcends borders and brings people together around a common vision of positive change.

The group consists of:

**Aran**, the band's producer and lead singer

**Ren**, one of the lead singers. He is an author, composer and is in charge of recordings.

**Sen**, one of the dancers of the group, with more than 8 years of experience.

**Haru**, the youngest member of the group, in charge of the costumes. It is versatile, being part of both the group's dancers and rappers.

**Kai**, one of the two new members who joined the group in January. A great vocalist, he is also a composer and choreographer and already has 10 years of experience as an *idol*.

**Mahiro**, the second new member who joined the group in January. This “*golen* man” has several strings to his bow and is a talented rapper.

**Taiga**, the main dancer and inspired choreographer. His stage presence is impressive.

With these new members the band had a powerful rap line with Mahiro and Haru and a dance line still as strong with Taiga, Sen and Haru. The vocal line now includes experienced singers spanning more than three octaves.

The group has acquired a **new energy** and a more mature concept, from **utopia to reality**, but a reality where the fields of possibilities are infinite through the force of **unity**.

**Their latest CD, STEREO TYPE, reached the Top 1 Oricon on the day of its release.**
